### WHY VOTE FOR ME?

- DEDICATED
- CAPABLE
- FOCUSED
- PRACTICAL
- WILLING
- USEFUL

I grew up in the depths of St Peters but spent most of the last 20 years living, working and raising my family in St Peter Port.

I currently work for the Lieutenant-Governor covering a myriad of office duties including finance, IT and HR and I co-ordinate the many events at Government House. In this role, I must be organised, methodical and flexible. Useful attributes I can employ that would serve the douzaine and the parish well.

The two best pieces of advice I have learned in my working life are:

- \* 'There is no substitute for listening when it comes to understanding'
- \* 'Always understand WHY you are doing something'

I also have a lot of experience running a website and would like to be involved in keeping the parish website updated and I have some ideas for social media relations and to improve the communication between the Douzaine and parishioners. Helping both sides to be heard.

I'm interested in the St Peter Port visitor experience having worked for many years for the Museum Service, both at Candie Gardens and Castle Cornet. We all want tourists to love St Peter Port as we do and there are areas that might benefit from a fresh eye remembering that when we do it for them, we do it for us as well.

I'm a good team player, I know how to listen and when to speak and I have a lot of experience in customer service. I love our island, especially St Peter Port and I believe that sometimes even the smallest change can make the biggest difference.
