

Evita Bormane for Douzenier St Peter Port Parish

I am standing for re-election as a Douzenier for St Peter Port because I care deeply about our parish and its people. With experience working in public office, I bring a strong understanding of community needs, public service, and the importance of fair and transparent governance.

My Vision

St Peter Port should be a parish where everyone feels welcome, valued, and heard. I want to help build a community that reflects the diversity and strength of its residents, and where decisions are made with compassion and common sense.

My Priorities

- **Inclusion & Diversity**
I will continue to promote a parish culture that celebrates all backgrounds and ensures equal opportunities for participation and representation.
- **Community Engagement**
I will encourage open communication between parish officials and residents, ensuring that everyone has a chance to contribute to local decision-making.
- **Support for Families & Individuals**
I will advocate for better access to support services, especially for those facing challenges such as housing, education, or employment transitions.
- **Beautification & Sustainability**
As lead for the Floral Committee, I will continue to support projects that enhance our public spaces, promote environmental awareness, and make our parish more enjoyable for all.
- **Fairness & Accountability**
My public office experience has taught me the importance of listening carefully, acting responsibly, and ensuring that decisions are made with integrity and transparency.

Why Vote for Me?

I am committed to serving our parish with empathy, energy, and professionalism. I've worked closely with residents and public bodies to resolve complex issues and always strive to find practical, people-focused solutions.

Let's Keep St Peter Port Moving Forward

I am asking for your support to continue this work. Together, we can build a parish that is inclusive, resilient, and ready for the future.
